Summer CONCERTS in the Park

A JUNE 7th

LESLIE TOM & THE BOYS

From the first few notes of a Leslie Tom song, you're instantly taken back to a time when singers like Patsy Cline and Loretta Lynn were winning the hearts of country music lovers everywhere. But keep listening, and you'll hear a voice and a sound that is remarkably current, even timeless. This Denver-based songstress is defying the odds by steering away from the "Nashville style" country trends. Instead, combining relatable lyrics with her bubbly, sassy personality and an unmistakable voice (along with the occasional fiddle and pedal steel guitar).

B JUNE 21st
