

WHAT'S AN ADU?

An ADU is an Accessory Dwelling Unit

The ADU is a fully independent living space (separate from the primary residence) that has a variety of homeowner uses including independent multi-generational living as well as rental income opportunities.

The Portrait Collection by Classic Homes features three unique floor plans each available in Modern, Farmhouse, and Cottage styles that can be built with Accessory Dwelling Units. These plans also are available with shared multi-generational living, or as a traditional single family floor plan.
